There is a light that shines
Right through the darkness
It breaks the clouds in my heart
Jesus it's You

Let Your light shine
All across this town
Let every person experience Your love
As we take hands to share Your light

Jesus You're our hope
The power is You Lord

You Shine Your light through us
We are a witness
Your love makes all things new
Jesus it's You

Jesus You're our hope
The power is You Lord
