LEARNING COMMUNITIES

CITY TRANSFORMATION

The Global City Changers Movement (CCM) is an extension of the Doxa Deo dream. Our mission is to mobilize the church-based Christian community in every sphere of society for the transformation of cities across the globe.

Through City Changers Learning Communities, we connect and equip local leaders worldwide to engage in the mission of God's Kingdom—bringing redemption, restoration, and hope.

These leaders are empowered to lead with spiritual fortitude, strategic insight, and servant leadership.

Looking ahead to **2026**

Our vision for 2026 is to raise up leaders from within our Learning Communities to pioneer and lead new Learning Communities in their own environments.

In this way, we will multiply impact, reach more people, and continue to advance God's mission in cities worldwide.

At the heart of it all is a simple truth: it is always about reaching more people.

FEEDBACK & VICTORIES

- Each Learning Community consists of no more than 10 leaders who journey together over a 9-month period, meeting monthly with intentionality.
- These gatherings create space to build strong relationships, provide equipping, and commission leaders for greater impact.
- Globally, more than 1,000 leaders from diverse churches and organizations are engaged in this process. In Bloemfontein, Doxa Deo takes responsibility for mentoring a group of four leaders representing Bloemfontein, Zimbabwe, and Lesotho.
- In July this year, CCM hosted a Learning Community Conference.
- Through the generosity of our partners, we were able to sponsor our friend Ando Hadebe, a pastor from Zimbabwe, to attend.
- His participation not only strengthened connections but also inspired him deeply to start mentoring leaders in his environment.

MOBILIZING A
CHURCH-BASED
CHRISTIAN
COMMUNITY FOR THE
TRANSFORMATION
OF CITIES ACROSS
THE GLOBE.
