UNTOLD STORIES

CITY TRANSFORMATION

UNTOLD STORIES is a citywide initiative where we gather church leaders across denominations once a term for fellowship, relationship, and encouragement.

In Bloemfontein, we currently have two groups with around 10 churches represented in each.

The heart is simple: to strengthen unity among leaders, build friendships, and discover how we can serve our city better together.

Looking ahead to 2026

In 2026, we plan to do the “Called Together / Saam Geroep” initiative again — but this time exploring the possibility of pulpit exchanges across denominations.

On one Sunday, leaders may preach in one another’s churches, proclaiming a unified word of love and service to our city. We believe this visible demonstration of unity will carry a powerful witness to Bloemfontein and beyond.

FEEDBACK & VICTORIES

- The Untold Stories groups continue to provide space for honest conversation, prayer, and encouragement for leaders who often carry much responsibility alone.
- This year, we have welcomed new churches into our Untold Stories groups, and the relationships between church leaders are growing stronger and deeper.
- These relationships have borne fruit in practical collaboration, with more churches partnering and supporting one another in various City Projects.
- The highlight of the year was when the participating churches had the privilege to preach a unified message on the same Sunday across denominations.
- The series, “Called Together / Saam Geroep”, was based on John 13 — Jesus’ call to love one another and to serve our city in humility. The sermon focused on our collective calling to work together in bringing about God’s Kingdom in our city.
- This was a profound sign of unity, showing our city that the church can stand together across traditions and backgrounds.

STRENGTHENING
UNITY
AMONG LEADERS
